FORCES ABOUT TO CLASH

THE WAR IS APPROACHING.

The New York Typothetae Announces
 It Will Fight Printers on Eight-
 Hour Proposition.

New York, Dec. 21.—Announce-
 ment that preparations to handle the
 big printers' strike have been com-
 pleted by the employing printers of
 New York, was made today by the
 Typothetae of this city. The eight-
 hour work day which the Internation-
 al Typographical Union has decreed
 shall go into effect on January 1, 1906
 is declared to be the cause for issuing
 this statement which is in part as
 follows:

"The closed shop and the eight-
 hour day demanded by the Typo-
 graphical Union No. 6 can not and
 will not be granted.

"The members of the Typothetae
 are prepared to install competent
 non-union machine operators and
 other printers in their various com-
 posing rooms. These printers have
 been obtained by a canvass of various
 parts of the United States and also
 by graduates of the schools for mach-
 ine operators in New York City, Phil-
 adelphia, Boston, Chicago, Kansas
 City, Omaha and elsewhere.

"The publishers of the leading
 magazines of the country have com-
 pleted most of the magazines for
 two or three months ahead in antici-
 pation of the strike and will there-
 fore be subjected to little or no incon-
 veniences. Not only are the publish-
 ers supporting us in our stand but the
 manufacturers throughout the coun-
 try are actively co-operating with us.

"There will be no lockout in the
 printing trades. Competent men en-
 tering our employ after January 1,
 next, will be paid full wages accord-
 ing to the union scale, whether they
 are union men or not."
